La ricerca non si ferma mai, la determinazione ad innovare, a trovare nuovi temi contestualizzabili in una forte contemporaneità, ci ha portato ad esplorare nuove materie, nuovi sistemi applicativi, nuovi smalti, nuove grafiche, nuove superfici. È nato EXPLORA, un effetto cemento arricchito da bagliori metallici. Si presenta con una innovativa superficie naturale che lascia intravedere inedite brillanze senza perdere nulla della sua matericità.

Il progetto proposto in gres porcellanato 60x120 - 60x60 - 30x60 è disponibile in mat ed anche in versione lappata nelle tinte NIGHT, BRONZE, GREY, METAL BLACK e WHITE, bellissime tinte che si distinguono per la loro naturalezza e sorprendono con il nuovissimo NIGHT.

Arricchito dal fondo decorato DEKORA si presta a realizzazioni in cui il connubio tra i due fondi permette ancora più ampia progettualità. Preziosissimi e sempre originali i decori AURA, OMNIA e MATRIX che completano la gamma conferendole una personalità unica ed esaltandone la bellezza.

Research never stops, the determination to innovate, to find new issues that can be contextualized in a strong contemporaneity, has led us to explore new materials, new application systems, new glazes, new graphics, new surfaces. EXPLORA, a concrete effect enriched by metallic glows, has an innovative natural surface that reveals inedited brilliance without losing anything of its materiality.

The proposed project in 60x120 - 60x60 - 30x60 porcelain stoneware is available in mat and lapped version with colors NIGHT, BRONZE, GRAY, METAL BLACK and WHITE, beautiful shades emerging for their naturalness, surprising with the new NIGHT.

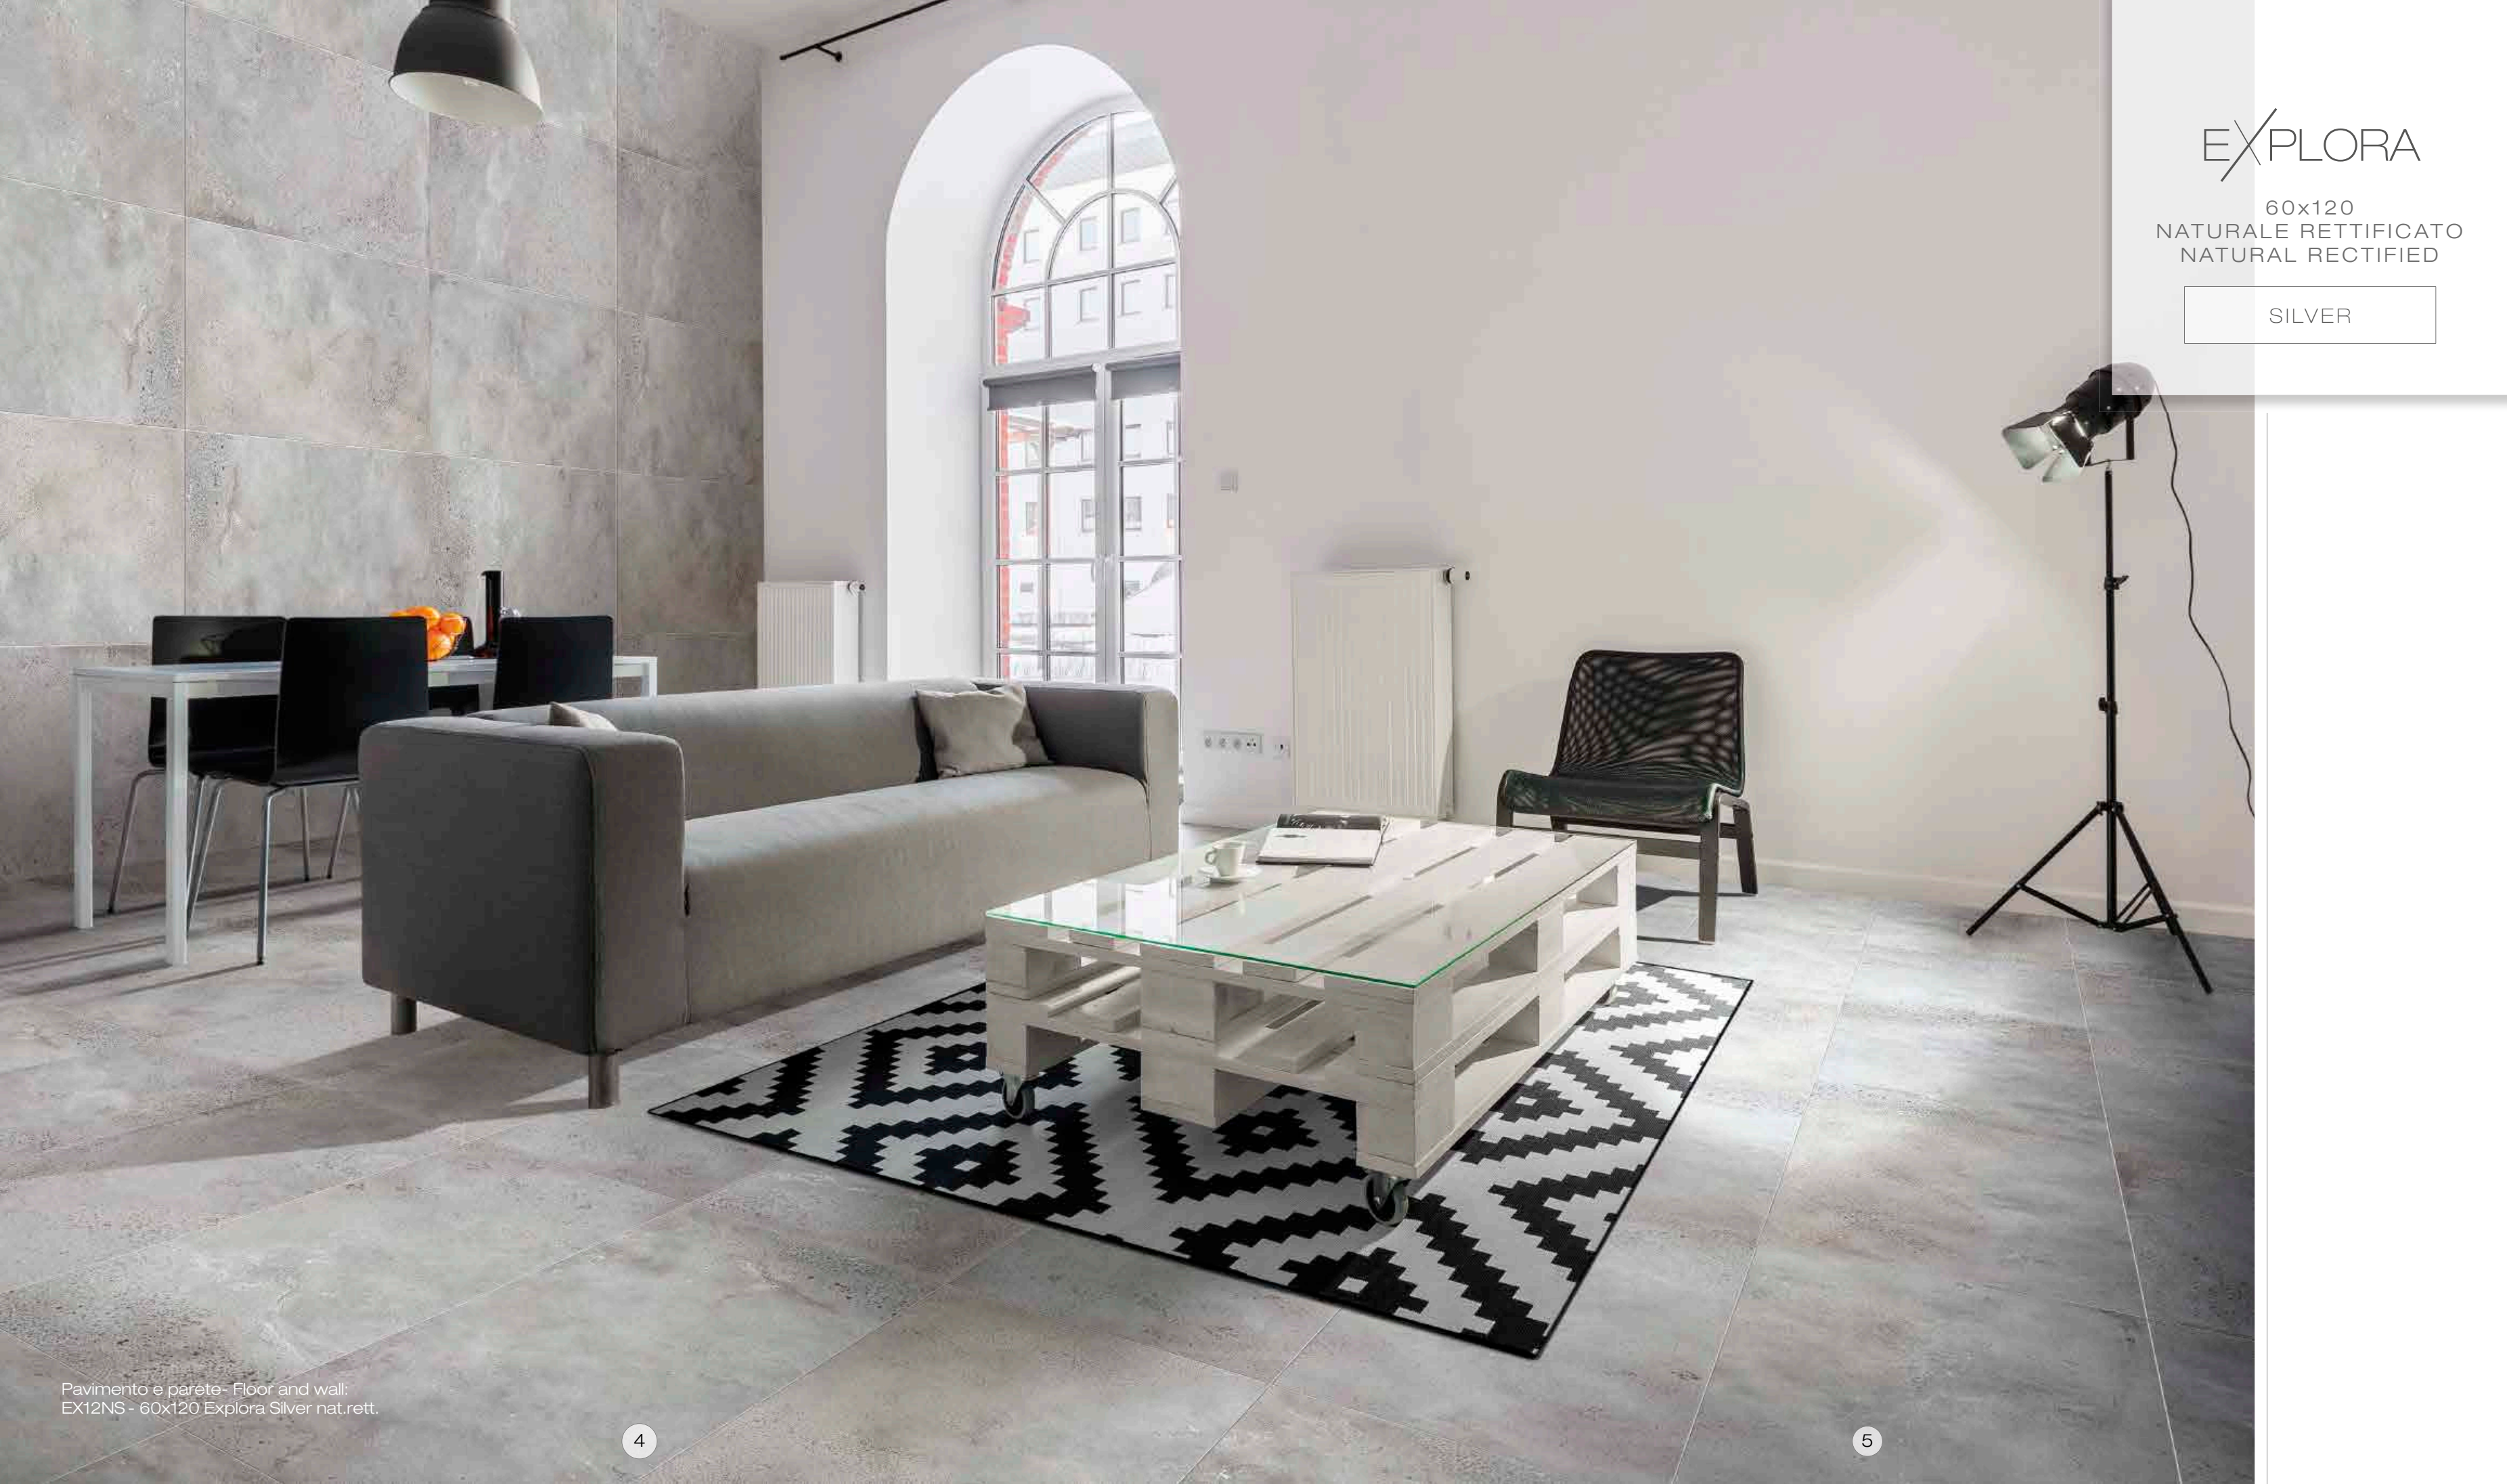

The decorated plain tile DEKORA enriches the collection and in combination with EXPLORA allows even wider design choice. Precious and always original, AURA, OMNIA and MATRIX decorations complete the range, giving a unique personality and enhancing its beauty.
