# Classic beauty, cosmopolitan spirit

A sense of design as an  
approach to life, a vision of  
the world.

EN

Observing reality and watching attentively are the keys to spot tendencies. Palermo is the result of a reflection on the needs of spaces. It is an incredibly contemporary collection of subtle beauty.

ES

Observar la realidad y mirar con atención son las claves para detectar las tendencias. Palermo es fruto de una reflexión sobre las necesidades de los espacios. Una colección rabiosamente contemporánea y de sutil belleza.

FR

Observer la réalité et regarder dans les détails sont les clés pour détecter et créer les tendances. Palermo est le résultat d'une réflexion sur l'aménagement et la décoration d'espace.

COLOUR MOOD

‘Who’s Afraid of Red, Yellow and Blue’.

(Barnett Newman, 1966-1970)

It is a brave proposal regarding colour, which includes the scales of neutral colours.

BLACK	BLUE	BROWN	CINDER	MOKA	MUSTARD	PEARL	RED	WHITE
-------	------	-------	--------	------	---------	-------	-----	-------

ES

Una propuesta valiente en cuanto a color que completa las escalas de tonos neutros.

FR

Tout en restant restreinte quant à son format c’est une proposition audacieuse en termes de couleur complétée par l’échelle des tons neutres.

AUTUMN WINTER MOODBOARD

It has a delicate Nordic inspired design on neutral colours as well as reclaimed wood with strong contrasts. Cold and warm tones are blended to have a “seasonless” effect.

ES

Colores neutros con un dibujo delicado de inspiración nórdica, pero también madera recuperada con fuertes contrastes. Tonos fríos y cálidos que se combinan para conseguir un efecto ‘seasonless’.

FR

Tout en restant restreinte quant à son format c’est une proposition audacieuse en termes de couleur complétée par l’échelle des tons neutres.

SPRING SUMMER MOODBOARD

It has options with vibrant tones for spaces of public interior design. You can make intrepid combinations for projects which demand greater impact.

ES

Opciones con cromatismos vibrantes para espacios de interiorismo público. Combinaciones intrépidas para los proyectos que demanden mayor impacto.

FR

Vous pouvez habiller sobrement mais avec une belle profondeur et un chromatisme vibrant l'intérieur des bâtiments public. Ou combiner aléatoirement les aspects pour les projets qui demandent plus d'impact.
