La pietra, elemento primordiale e le sue svariate lavorazioni, divengono materia di questo nuovo progetto creativo. Punto di partenza la riproposizione della complessa semplicità di una pietra di lago nordica. Una pietra contraddistinta da una miscela di chicchi di varia grandezza, dove la variazione casuale di granulosità e il cambiamento delle varie sfumature di tono - dato dal punto diverso della sua estrazione - ne sono le peculiarità fondamentali.

Stone, a primordial element and its various structures, become the subject of this new creative project. Starting by repurposing the complex simplicity of a stone from the Nordic lake. A stone characterized by a mixture of grains of various sizes, where the random variation of graininess and the change of the various shades in tone - given by the different point of its extraction - are its fundamental characteristics.
