 FLORIM

FLORIM È CERTIFICATA B CORP

FLORIM IS B CORP CERTIFIED

Guardiamo al business come una forza positiva in grado di generare profitto e allo stesso tempo creare un impatto virtuoso sulle persone e sull'ambiente. Da sempre.

Le nostre scelte, giorno dopo giorno, ci hanno portato a migliorare il nostro modo di fare impresa.

We conceive the business as a positive force able to generate profits and at the same time create a virtuous impact on people and the environment. Since forever.

Our choices, day after day, have led us to improve our way of doing business.

COSA SIGNIFICA ESSERE B CORP?

Ci siamo misurati con i più alti standard di **performance sociale e ambientale** e dopo un lungo e rigoroso processo di verifica **siamo diventati B Corp.**

Le aziende che riescono a ottenere questa certificazione sono le più evolute al mondo in termini di impatto positivo sia sociale che ambientale.

Costituiscono un movimento globale di 'Purpose Driven Businesses' che ha l'obiettivo di diffondere un nuovo **paradigma economico**, che vede le imprese come protagoniste nel **rigenerare la società**.

Guarda il video "Essere sostenibili è una scelta quotidiana" con i volti di alcune delle "persone Florim" che ogni giorno contribuiscono a rendere l'azienda sempre più responsabile.

Watch the video "Being sustainable is a daily choice" with the faces of some of the "Florim people" who contribute to making the company even more responsible, every day.

WHAT DOES IT MEAN TO BE B CORP?

We lived with the **highest social and environmental performance standards**, and after a long and scrupulous verification process, **we became B Corp.**

Companies that succeed in obtaining this certification are the most evolved in the world in terms of their positive social and environmental impact.

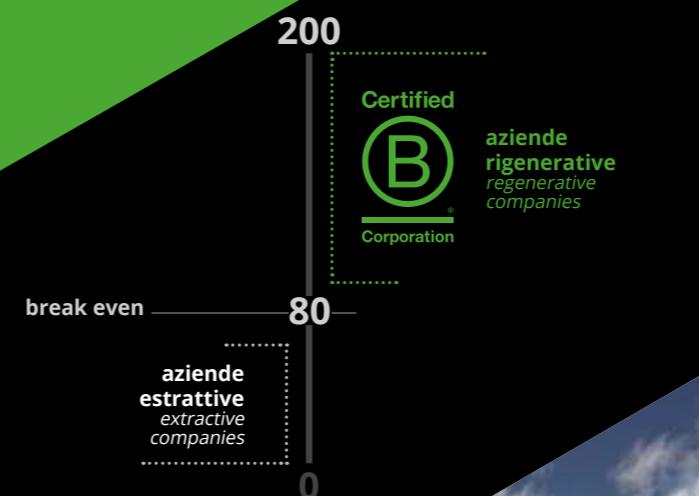

They constitute a global movement of 'Purpose Driven Businesses' whose aim is to diffuse a **new economic paradigm**, whereby companies are the drivers of **social regeneration**.

BUSINESS RIGENERATIVO

È in corso un **cambiamento culturale** epocale di cui siamo orgogliosi di essere parte. Uno dei principi fondamentali di tutte le B Corp è quello di adottare un business rigenerativo che si contrappone a quello estrattivo.

Rigenerare significa non solo diminuire l'impatto sulla natura e sull'ambiente che ci circonda, ma addirittura produrre effetti positivi, creando valore condiviso nella società e rigenerando la biosfera.

Diventano B Corp solo quelle aziende che misurano il loro impatto complessivo attraverso il Benefit Impact Assessment (BIA) superando il punteggio di 80 (in una scala da 0 a 200) ed entrando così in una élite di imprese **rigenerative**. Chi non supera questa soglia viene considerata **azienda estrattiva** ovvero per funzionare consuma risorse economiche, sociali e ambientali superiori di quanto sia in grado di generare come output.

REGENERATIVE BUSINESS

An historical **cultural shift** is under way, of which we are proud to be a part. One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.

Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects**, creating shared value in society and regenerating the biosphere.

Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative companies**. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to function, they consume higher economic, social and environmental resources than they are able to generate as output.

IL PUNTEGGIO DI FLORIM

Il punteggio conseguito da Florim Italia è di 98,1 punti e il consolidato, che comprende la consociata americana, è di 90,9 punti. Così Florim rientra tra le migliori B Corp al mondo.

Sono oltre 140.000 le aziende che stanno cercando di ottenere la certificazione, nel rispetto di **severissimi standard di trasparenza e sostenibilità**.

Solo il 3% riesce a superare l'iter di verifica imposto da **B Lab**, ente certificatore di origine americana che oggi opera a livello globale.

HERITAGE LUXE

Ispirata alle nobili cromie e alle maestose venature del marmo, la collezione **Heritage Luxe** ci accompagna in un immaginario viaggio alla riscoperta di un patrimonio artistico e architettonico di inestimabile valore culturale che oggi abbiamo il privilegio di ereditare. Sin dall'antichità, infatti, palazzi, sculture e monumenti del vecchio continente sono stati realizzati utilizzando marmi colorati, considerati quasi come una forma di pittura naturale o divina, grazie alle venature vivaci e alla tavolozza variopinta. Le superfici della collezione, in linea con i tempi moderni, presentano uno spiccatissimo carattere decorativo e attualizzano l'Heritage della tradizione europea proponendo un concept stilistico ispirato alla bellezza e al lusso classico del marmo che si fonde al dinamismo di venature e cromie dal sapore contemporaneo.

LUXE | HERITAGE

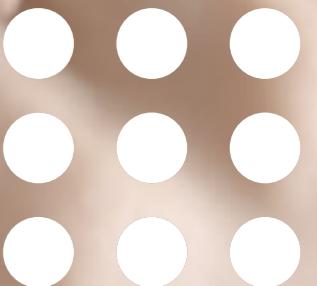

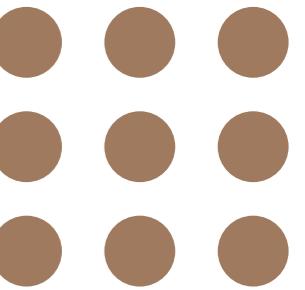

Taking inspiration from the noble hues and majestic veining of marble, the **Heritage Luxe** collection accompanies us on an imaginary journey to rediscover an artistic and architectural heritage of inestimable cultural value that we are now privileged to inherit. Since ancient times, palaces, sculptures and monuments in Europe have been created from colored marble, considered almost like a form of natural or divine painting thanks to its vivid veining and varied color palette. In keeping with modern times, the surfaces of the collection have a strong decorative character and bring the heritage of the European tradition up to date by proposing a stylistic concept inspired by the beauty and classic luxury of marble that blends with the dynamism of veining and colors of a contemporary flavor.

Inspirée des couleurs nobles et des veines majestueuses du marbre, la collection **Heritage Luxe** nous accompagne dans un voyage imaginaire à la redécouverte d'un patrimoine artistique et architectural à la valeur culturelle inestimable que nous avons aujourd'hui le privilège d'hériter. En effet, dès l'Antiquité, les palais, les sculptures et les monuments du Vieux Continent ont été réalisés à l'aide de marbres colorés, considérés quasiment comme une forme de peinture naturelle ou divine, grâce aux veines vives et à la palette aux nuances multiples. Les surfaces de la collection, en ligne avec les temps modernes, présentent un caractère décoratif marqué et mettent au goût du jour l'Héritage de la tradition européenne : elles offrent un concept stylistique inspiré de la beauté et du luxe classique du marbre, qui se fond dans le dynamisme des veines et des couleurs à l'esprit contemporain.

Von den edlen Farben und majestätischen Adern des Marmors inspiriert, nimmt uns die Kollektion **Heritage Luxe** mit auf eine imaginäre Reise, um ein künstlerisches und architektonisches Erbe von unschätzbarem kulturellem Wert wiederzuentdecken, das wir heute zu erben das Privileg haben. Tatsächlich wurden seit der Antike Paläste, Skulpturen und Denkmäler des alten Kontinents aus farbigem Marmor gefertigt, der dank der lebhaften Adern und der farbenfrohen Palette fast als eine Form natürlicher oder göttlicher Malerei angesehen wurde. Die Oberflächen der Kollektion haben im Einklang mit der Moderne einen unverkennbar dekorativen Charakter und aktualisieren das Erbe der europäischen Tradition, indem sie ein stilistisches Konzept vorschlagen, das von der Schönheit und dem klassischen Luxus des Marmors inspiriert ist, der sich mit der Dynamik von Adern und Farben von zeitgemäßem Geschmack verbindet.

Inspirada en los tonos nobles y en las majestuosas vetas del mármol, la colección **Heritage Luxe** nos acompaña en un viaje imaginario para redescubrir un patrimonio artístico y arquitectónico de inestimable valor cultural que hoy tenemos el privilegio de heredar. De hecho, desde la antigüedad, los palacios, esculturas y monumentos del viejo continente se han realizado utilizando mármoles de colores, considerados casi como una forma de pintura natural o divina, gracias a las animadas vetas y a su variopinta paleta de colores. Las superficies de la colección, en consonancia con las tendencias modernas, presentan un marcado carácter decorativo y actualizan la herencia de la tradición europea proponiendo un concepto estilístico inspirado en la belleza y en el lujo clásico del mármol, que se funde con el dinamismo de vetas y colores con sabor contemporáneo.

In relazione alle differenti tecnologie produttive l'accostamento di prodotti con spessori diversi potrebbe presentare delle disomogeneità, se ne consiglia pertanto l'abbinamento.
Due to the different production technologies, contiguous installation of products with different thickness may give a non-homogeneous result. For this reason we do not recommend this option. / Vu que différentes technologies de production sont utilisées avec des épaisseurs différentes, des problèmes d'homogénéité pourraient se présenter. Il est donc déconseillé de les poser ensemble. / Wegen unterschiedlicher Produktionstechnologien können die Fliesen mit verschiedenen Materialstärken optische Differenzen aufweisen. Von einem direkten Aneinanderlegen wird deshalb abgeraten. / Dadas las diferentes tecnologías productivas, la combinación de productos de diferentes espesores podría dar lugar a heterogeneidad, por lo que se desaconseja mezclarlos.
